

Marion Center Cross Country Summer Classic 5K

Get into the DIRT! People were racing long before they built roads. Take on the challenge of a classic cross-country race. The Marion Center cross-country course follows trails through woods and fields over a wide variety of terrain. Our course has been used as the site for the Heritage Conference's cross country championship for the past 10 years.

As with all true cross country races this one is actually two races in one. You are invited to race as an individual or form a team of 5-7 runners and receive a team score. Awards will go to both individual winners as well as the top teams.
