

ABOUT THIS EVENT

The STEPS Challenge 5K Run & Walk, hosted and sponsored by The Arc of Mercer County Foundation, helps support MCAR's Recreation Program. For people with intellectual and developmental disabilities, this vital program provides recreational activities that develop the social and physical health of these people. STEPS is the name of the center where people can enjoy a game of pool, watch movies, play bingo, and enjoy seasonal parties.

MCAR's Recreation Program is dependent on funding from grants, private donations, and fundraisers, like the STEPS Challenge 5K Run & Walk. Your participation in this fundraiser helps MCAR continue to offer recreational activities and opportunities at STEPS and to help keep the doors opened for this special population.
